

**What people are saying  
about this seminar.**

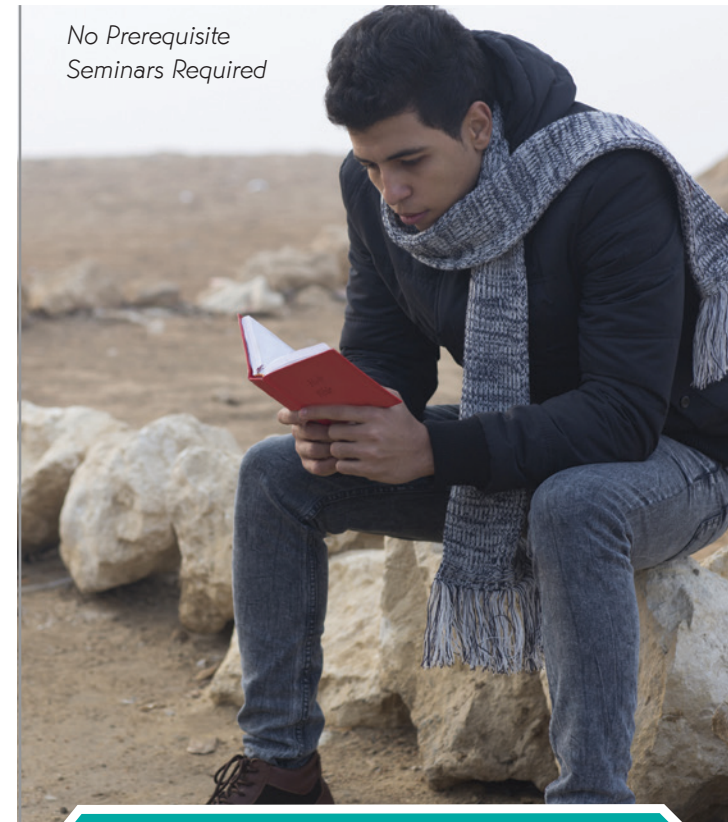

“*In the busyness of life, it is easy to not notice where I am investing my energy, and to fall into the standards and values of culture and work. This seminar reminded me of Truth: I am God's idea, loved, accepted, cherished and valued, not because of what I do, or don't do, but simply because I am His. From this position, I have the capacity to call out others in their true selves, because there is abundance, not scarcity in the mystery of the Kingdom. This is an opportunity to take a few days to breathe and be Present to the Presence of God.*”

We live in a world that insists that performance and people pleasing are the only way to have our deepest longings met. This leads to exhaustion and insecurity. Unfortunately, many Christians are trapped on this treadmill, unaware that Christ has given them through inheritance what they could never earn through performance. In this seminar you will experience the power that comes from living out of your true identity.

### The following topics will be covered

- The Journey to Self-Awakening
- Sitting securely at the Table of the Lord
- Discovering what it means to be hidden in Christ
- Self-Awakening and the Holy Spirit
- The relationship between self-definition and emotional healing

## Seminar Leader

**Terry Wardle, D. Min.,** *Founder of Healing Care and HCM International, retired Professor of Practical Theology*

Terry has conducted numerous seminars and classes on Formational Prayer, and has authored several books on related topics, including: *Every Breath We Take* and *Identity Matters*.
